

Railway Stations and Airports Comparison

Kristoff DE WINNE

The Brussels Airport Company

Head of Airport Development & Regulation

Railway Stations and Airport look alike

- Transport sector
- Centralized infrastructure
- Catchment area
- Capacity management
- Focus on shopping
- Real estate potential

Challenges of Railway Liberalization

Viewpoint of an “airport man”

- Customers are demanding
- Product development
- Branding
- Smooth operations
- Cost efficiency
- New rules
- Sales and marketing

Rail Stations on Airports

Case study Brussels Airport

- HST reshapes competitive situation
- Rail is crucial element in catchment area development
- HST and intercity rail completes airport network

Rail Stations on Airports

... airports simply are sophisticated railway stations...
